This is a good time to increase your Poultry Plant.

Now that there are food scarcities every one with a small plot of ground should raise enough chickens for home supply at least.

If you go at it right, you can keep a half dozen hens laying well, at hardly any noticeable expense, other than a little time and attention.

Quick Acceleration

That's the medium boiling points in Red Crown—the middle links of the continuous chain—low boiling points for easy starting, medium boiling points for quick and smooth acceleration, high boiling points for power and mileage.

RED CROWN
The Gasoline of Quality

Is a product of straight distillation, a real refinery gasoline—not a mixture—having the correct boiling points in a continuous unbroken chain.

Be sure and get Red Crown. All dealers everywhere and Standard Service Stations.

STANDARD OIL COMPANY

Don't let your patriotism be questioned because of an inability to purchase a bond from the next issue of Liberty Bonds.

A new issue may be expected very soon, judging from present appearances.

Open an account today with an initial deposit of \$10 or \$15 and then put in a like amount every pay day. In a few months you will have enough to make the first payment on a number of bonds, to do which will be both patriotic and wise from the investment standpoint.

Or you can open the account with a dollar.

We pay 4% interest on term accounts.

MAUI VEGETABLE CROPS DAMAGED

That the vegetable gardens on Maui are being damaged by the drought to a greater extent than the sugar crops, and that the pineapples have not been touched by the dry spell, is the word brought from the Valley Island by John L. Fleming of James F. Morgan Co.

The sugar crops of 1918 and 1919 have been somewhat damaged in places but not to the amount which previous reports have had it, Mr. Fleming says. Large areas of the sugar field are yellow, particularly on the Wailuku and Maui Agricultural Co.'s plantations, but a good rain in the near future will save all but a few inches of the stock at the but. As a result of the drought the 1918 estimate may have to be cut a few thousand tons.

The vegetable crops are suffering considerable and in some instances truck gardens have almost been burned up. The grass on the ranges is also very dry and the cattle are not getting the proper feed and are looking poorly.

TERRITORY ASKS CITY TO SHARE PUMP EXPENSE

Three bids were submitted Friday by local firms for an electric pump to be installed at Kalihi pumping station. These bids were as follows:

Cattion, Neill & Co., \$12,650; Honolulu Electric Co., \$19,360. As the equipment named in the Cattion, Neill offer did not comply with specifications, the attorney general's office has rendered an opinion declaring the bid cannot be accepted.

The loan fund commission, which has charge of the work, has sent a letter to the board of supervisors asking if the city will assume the cost of installing and all cost of purchase above \$14,000. This latter would amount to \$750 if the Honolulu Iron works' bid is accepted. A letter was sent to the city on June 30 but has never been heard from, it is said. It is probable that as soon as the Maile ditch job is ended in September the commission will close up its books and business, awaiting the time when the pump is installed some 13 months from now. After that the commission will definitely cease business.

MADERA JUMPS ANOTHER NOTCH

Another listless day was the record of the exchange today. Madera continues its upward strike registering an advance of another cent and is now quoted at 44 bid and 45 asked. Bingham held its own at 49 but Mineral declined to 8 cents. Engles held firm at \$6.75. Sugar stocks were also listless with little trading and practically no variation in quotations.
